Spotlight on Newman Technology Solutions

Owned by brothers Branden and Rylind Newman, Newman Technology Solutions specializes in audio-visual, security, and structured cabling solutions for businesses. After working more than 15 years in the audiovisual industry, Branden decided to start his own business in February 2022. When his brother Rylind retired from the Army, he joined the partnership to expand the business to include 14 employees.

"I couldn't do it without my team, they're rock solid," Branden said. "Having that foundation is important. The persistence and push that we have from our team has been really awesome."

When he started looking for a financial institution to fund his startup, Branden met with Texell's Commercial team. They helped him get an SBA loan and set up his commercial accounts. He appreciated how quickly the team responds, especially Summer Owens, Business Analyst at Texell Credit Union, who answered every question he had.
