Assess, Act, and Achieve Your Credit Score

Learn how to take control of your financial future with SavvyMoney's Credit Score, available to Texell members within Digital Banking. The Credit Score solution helps you Assess, Act, and Achieve your way to a better credit score.

A credit score is a three-digit number that indicates creditworthiness calculated from the information in your credit report. A combination of your on-time payments, the length of your payment history, the different types of credit accounts you hold, and other factors compile your score.

The higher your credit score is, the more creditworthy you are to a lender. Scores range from 300 to 850, and a good credit score is between 670 and 739. With SavvyMoney's Credit Score solution, you'll gain access to a powerful tool and insights that can transform your financial health.
