

# Spring-time Savings

It's spring, and just like the flowers that grow and bloom, your money can do that too! Every dollar that you add to your Dollar Squad account adds to the total which grows over time.

## Planting the Seeds

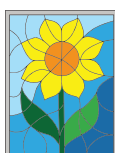

Think of the first dollars that you deposited as seeds. You may not see it grow right away, but it will over time when you take care of it. Like a plant that needs water and sunshine, your account needs time and attention. Try not to take any out to make sure it keeps growing. When the money isn't in your savings, the more likely it will be spent and then it's gone!

## Rainy Day Fund

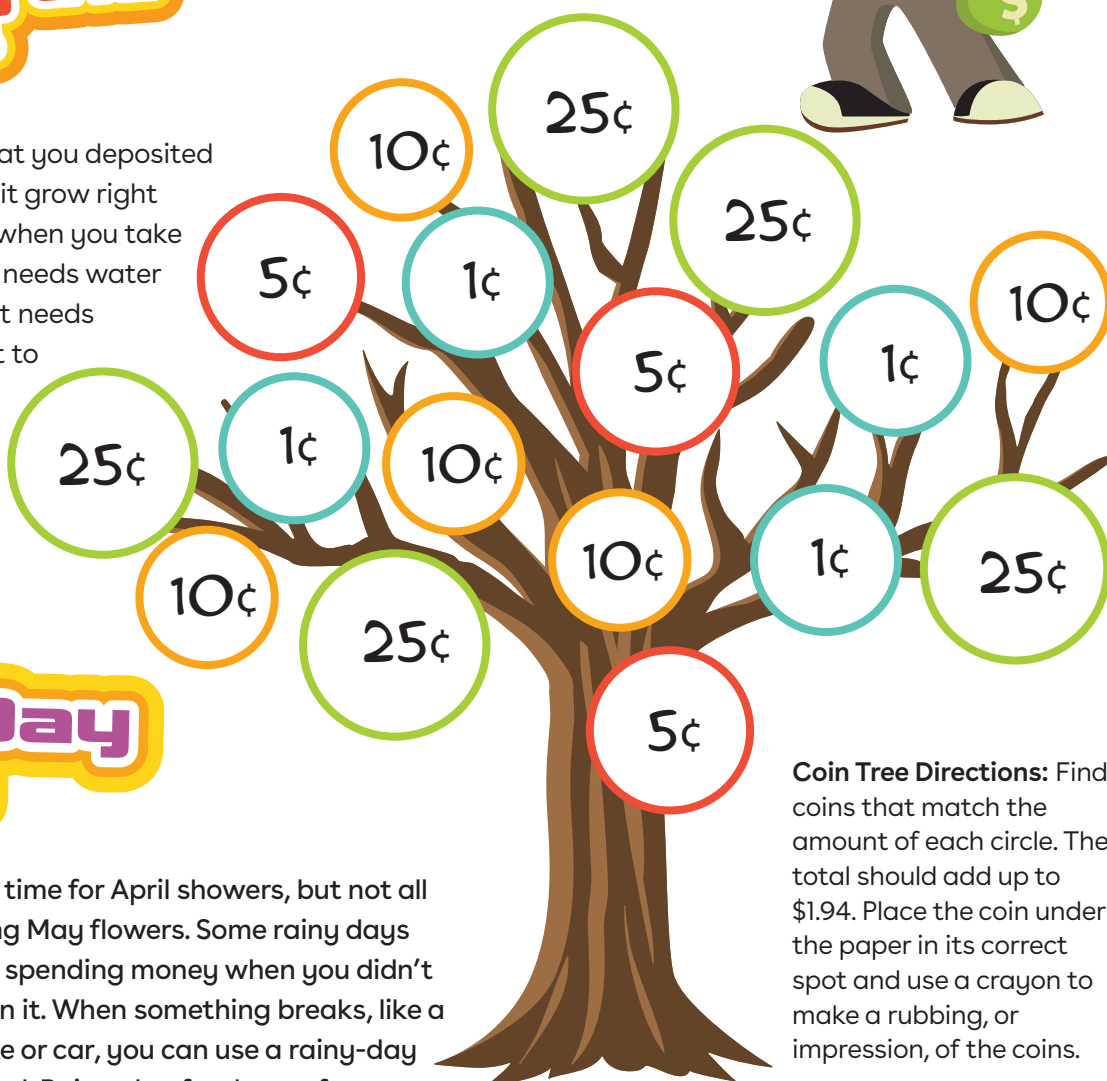

Spring is also the time for April showers, but not all rainy days bring May flowers. Some rainy days mean you're spending money when you didn't plan on it. When something breaks, like a bike or car, you can use a rainy-day fund. Rainy-day funds pay for one-time expenses that you didn't plan for. This is different from your savings account, which should be used for things you did plan for. Your rainy-day fund is there when you need it.

ANSWER TO  
COLOR-BY-CODE:

AS LONG AS YOU  
HAVE MORE THAN  
\$5 IN YOUR  
SQUAD ACCOUNT,  
IT CAN GROW!

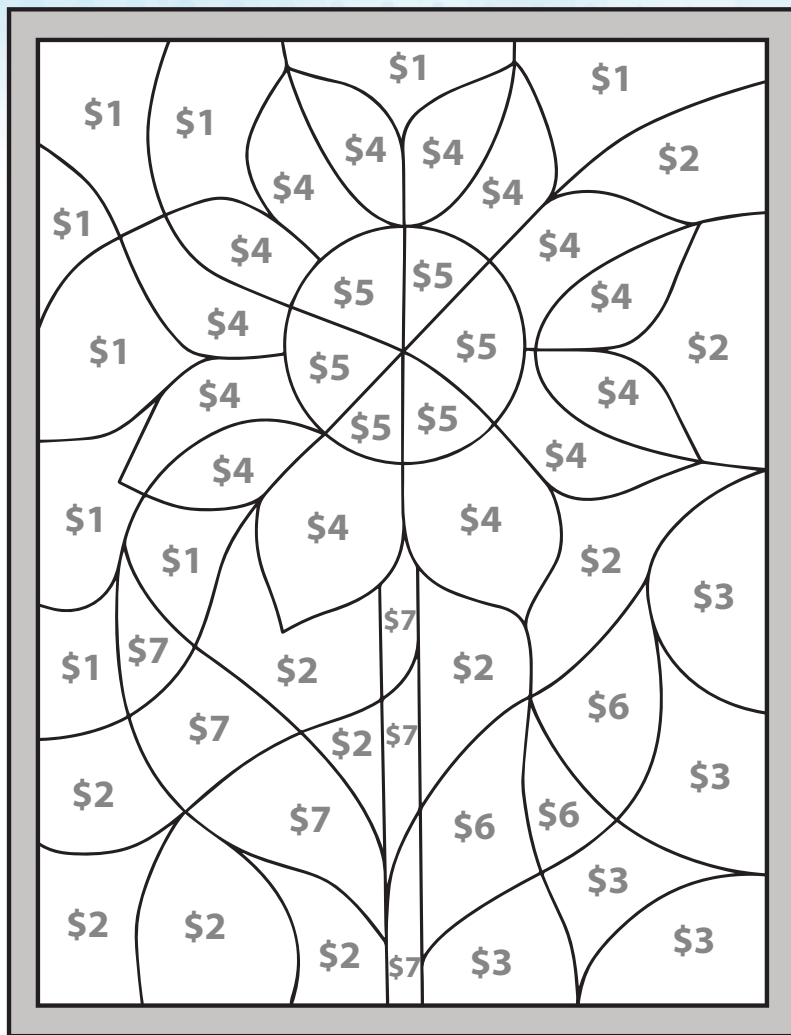

**Coin Tree Directions:** Find coins that match the amount of each circle. The total should add up to \$1.94. Place the coin under the paper in its correct spot and use a crayon to make a rubbing, or impression, of the coins.
