

Make your own t-shirt bag

Can't find your plastic pumpkin to carry your loot? No worries! Take an old t-shirt and a pair of scissors and make your own—no sewing required.

1. Cut off the sleeves of the shirt.
2. Cut a slightly larger hole around the neck, then turn the shirt inside out if you'd like the design to show on the outside.
3. Make fringe along the bottom of the shirt by cutting inch wide slits that are three to four inches long.
4. Tie two pieces of the fringe together, then tie two knotted pieces together again. Continue until all the fringe pieces are tied and there aren't any holes.
5. Turn the bag inside out and get ready to trick-or-treat!
